

CORDOVA HARBOR, AK AK

NOME HARBOR, AK AK

PROJECT CONDITION SURVEYS, AK AK

SEWARD HARBOR, AK AK

Ian

Work Description	Planned Allocation (000)
Issue contract for State of Alaska Regional Harbor Development study	240
Award contract for hydraulic analysis and participation in ship simulation modeling.	150
Award contract for design analysis to include wave hindcast and revetment design	300
Award contract for economic analysis, environmental studies and geotechnical investigations	250
Issue contracts for airborne laser mapping surveys in conjunction with US Geological Survey, wetlands mapping in conjunction with Fish and Wildlife Service, wetlands delineation assessment, and data gap analysis.	300
Award contract for engineering and design work.	250
Award contracts for hydropower evaluation, cost estimating, scoping meeting facilitation.	400
Investigations Total	1,890
Award first phase construction of general navigation features(rubblemound breakwater and dredging for commercial small boat harbor.	7,000
Award contract to construct water treatment plant.	3,000
Award construction contract for mitigation features and breakwater extension, completing construction of project.	4,522
Award contract to complete project plans, specifications and cost estimate for harbor.	1,522
Construction Total	16,044
Dredging in front of new intermodal dock facilities to -35 ft MLLW.	23,499
Remodel Project office to comply with American w/ Disabilities Act; perform energy upgrades; replace underground fuel tank and heating system to meet Environmental Compliance requirements.	4,600
Repair/replace non functioning relief wells and tie in well elevations to dam crest.	900

Award option to existing dredging contract to remove a shoal blocking the entrance to the Cordova harbor.	700
Remove additional sediments from sediment trap to keep entrance channel clear through 90% of the open water season.	200
Update vertical datum at approximately 10 Alaska coastal projects to meet CEPD requirements.	1,000
Perform sediment chemical characterization analysis for in-water disposal approval and remove entrance channel and inner harbor sediments to provide access to facilities.	900
Operations and Maintenance Total	31,799
Grand Total	49,733
